Fall 2018 INFORMATION SESSION

CCBC has developed a program of study to prepare workers for the growing transportation and maritime logistics industry in and around the Port of Baltimore. The Transportation, Distribution, and Maritime Logistics (TDML) Program is designed for students, incumbent workers, and community members who plan to pursue or continue their careers in the industry.

Are you...

- looking for a career in the transportation and maritime logistics industry?
- currently working in the industry and are interested in upgrading your knowledge and skills? or
- seeking a promotional opportunity?

Then this program is for you!

Attend an information session to learn about:

- Courses available in the Fall 2018 Semester
- 21-credit Certificate and 60-credit Associate of Applied Science opportunities
- Internship options
- Evening courses and online learning
- Utilizing employer tuition assistance and tuition reimbursement programs
- Future industry outlook and opportunities

There are two sessions available to attend. Session Details:

Monday, August 6th

Or

Monday, August 13

Time: 5:30 — 6:30 PM

Location: Dundalk Campus
Roy A. Staten Building (STAT) Room 206

Parking: Lot 2
